

# The Locker Room and What's Inside It

## Background

Tranmere Rovers International Soccer Academy (TRISA) delivers world-class training, resources and professional development underpinned by the FA Four Corner Model.

Leveraging its professional club status, education campus, university partners and long-running track record of producing top tier and premier league footballers, TRISA serves football clubs at all levels, from grassroots through to topflight professional.

## The Stadium & Campus

Our Merseyside located 16,000 capacity stadium is the head quarters from which our professional home games and Liverpool FC Ladies competitive matches are played.

The stadium is also a hub for business & community provisions and offers “access all areas” tours for our education programme students to gain an authentic insight into the workings of a professional English football club. The stadium provides an inspiring backdrop for anyone seeking a career in sport, on or off the pitch!

Complimenting Prenton Park, is our dedicated training grounds and college campus. The multi-story campus houses purpose-built modern classrooms and media suites, staffed kitchen, nutrition department, fully equipped gym, and technical analysis room.

The campus serves local and international students, providing player scholarship opportunities, match experience, vocational and academic qualifications and has recently launched a diploma course in partnership with The University of Liverpool.

## Our Place or Yours?

We provide a range of programmes catering to all levels, full & part time, short term and long term, from 2 week workshops to multi-year cohorts and everything in between. Programmes are delivered across our two sites and in Liverpool for diploma students.

We also provide to-site programmes and courses for players and coaches. We have visited and worked on location in the US, China, Indonesia and Australia on short and long term programmes. We specialise in tailoring our programmes to suit each Club.

## The Locker Room

The Locker Room is our online portal, a central point of access to all our resources, materials, media & interactive communication channels with our professional coaches.

Subscribers to the Locker Room are issued multi-user access accounts, which serve as a dynamic resource for coaches looking to build on their knowledge, squad, experience. Subscribers have direct access to our professional coaching team and can request further tailored resources for any specific development agendas. We provide a free 30 minute webinar and 30 day no-obligation trial of The Locker Room for interested clubs. The Locker Room is a dynamic facility, serving the continuum of club levels from amateur to full professional. Book a Zoom enquiry meeting without obligation.
